

Believe 500 Dead Or Hurt In German Dye Plant Blast

Mannheim, Germany, July 28 (AP)—Possibly 500 persons were killed or injured today in a devastating explosion in the I. C. Farben Chemical plant at Ludwigshafen, a U. S. military government official announced.

"First estimates of 250 to 300 appear too low," the official said.

Ludwigshafen is in the French occupation zone, across the Rhine from this American-occupied city.

Ruins In Flames

Flames roared through the plant, preventing firemen from getting anywhere near enough to make an exact estimate of casualties.

"From my window here in Mannheim, the smoke cloud over the plant seems to be about a half mile square," the American official said.

"Several buildings apparently have blown up, but it is impossible to tell definitely because the smoke obscures everything."

The plant, a six-story structure, employs 1,000 persons. It appeared to have been completely wrecked.

Mannheim Shaken

French officials on the scene reported to U. S. military government men here that the explosion occurred in a structure known as the "nitrate building."

"Flames shot two miles into the sky when the explosion took place," said an American officer in Mannheim, across the Rhine from Ludwigshafen.

Hundreds of windows in Mannheim were smashed by the concussion.

Scores of injured were rushed across the river to Mannheim, from the French to the American zone.

Doctors in Mannheim City hospital said "the hospital is full of victims." They said other victims pouring in would have to be sent to Heidelberg.

BULLETINS

Berlin, July 28 (AP)—Disorders broke out in the Russian sector of blocked Berlin today when thousands of Germans jammed streets before banks in an effort to exchange their money for new Russian-sponsored currency.

Newspapers in western Berlin said the Russians and their Communist-controlled economic commission are trying "to cheat the people out of their money." The deadline for the even exchange is tonight.

London, July 28 (AP)—A Whitehall (government) official said today States will offer to begin talks with Britain, France and the United Russia "on a general European settlement as a whole."

Washington, July 28 (AP)—Secretary of State Marshall announced today that he is creating a committee of three citizens to investigate whether the United Nations is bringing persons into this country who are a danger to American security.

Chicago, July 28 (AP)—President Will Harridge of the American league today suspended Umpire William McGowan for ten days without salary for his conduct in the Cleveland-Washington and Chicago-Washington games at Washington July 15 and 19.

Washington, July 28 (AP)—The Republicans running Congress steered President Truman's special session program today toward a civil rights filibuster almost certain to scuttle it. And as the GOP leaders laid plans for a speedy adjournment, they announced complete willingness to let the voters decide in November whether they had done the right thing.

Denton, O., July 28 (AP)—Five pickets were injured today, none seriously, in a renewal of clashes between police and the picket line at the strike-bound Univis Lens Co. plant. The disorders, climaxing a three-day back-to-work movement at the plant, were described as the most violent yet.

Lake Success, July 28 (AP)—The United States and Russia stood firmly behind Israel today in a new Palestine clash with Britain. The latest division between the U. S. and Britain over the Holy Land concerned five British officials of the Jerusalem Electric Corporation seized July 6 by Irgun Zvai Leumi and later charged with espionage.

WILL INSTALL DR. PUTMAN IN SYNOD OFFICE

The Rev. Dr. Dwight F. Putman, pastor of Christ Lutheran church, will be installed this evening at 7:30 o'clock as president of the Central Pennsylvania Synod of the United Lutheran Church in America.

Liturgist for the service to be held in Christ Lutheran church here will be the Rev. Dr. Ralph R. Gresh, pastor of St. James Lutheran church here, who will also give a short talk during the service. The Rev. Dr. M. R. Hamsher, retiring president of the synod, will deliver the sermon. The Rev. Dr. Joseph D. Krouse, secretary of the synod, will assist in the service.

Two solos will be included in the music for the installation service. The soloists will be Miss Mary Louise Spangler and Thomas Hunter.

To Be Second President

Doctor Putman is the second president of the synod, succeeding Doctor Hamsher, who served two five-year terms in the office. According to the constitution of the synod, no president can serve more than two terms successively. Doctor Hamsher became the first president of the synod when it was organized from four former synods 10 years ago.

Immediately following the installation, a farewell testimonial is scheduled to be held for Doctor Putman by the parish members at the church. C. E. Billheimer will preside.

Dinner on August 4

All residents of Gettysburg are invited to attend both the installation service and the testimonial afterward, L. S. Long, chairman of the congregational committee, said today.

Other members of the committee include Mrs. Robert Fortenbaugh, Mr. and Mrs. Russell A. Campbell, Herbert Smith, Dean W. E. Tiberg, William Phelps, Mr. Rice, Mr. Billheimer and Mrs. R. S. Saby.

Another affair for Doctor Putman will be held Wednesday, August 4, in the form of a dinner to be held by the Christ Lutheran church council at the Hotel Gettysburg.

HELD FOR COURT IN ASSAULT CASE

Kenneth Stahlnecker, Cashtown, formerly of Baltimore, an employee of the Langenfelder Construction company, Baltimore, which has the contract for the eastern section of the new Lincoln highway west of Gettysburg, was held for court Tuesday afternoon on an assault and battery charge following a hearing before Justice of the Peace John H. Rudisill, committee member. Prize money totaling \$200 will be distributed to visiting fire companies, he said.

The boys and girls from Gettysburg decided that it was a "glorious day" all around, both for them and Columbia. Two bus loads left at 8 o'clock Tuesday morning and returned about 10 o'clock Tuesday evening. They were accompanied by supervisors of the local recreation association. The buses were provided by David Oyler.

Freedom Train Questions To Be Aired Tonight

The question of continuing the tour of the Freedom Train another year and to bring it to Gettysburg next November 19 for the 85th anniversary of Lincoln's Gettysburg Address will be aired from 7 until 7:15 o'clock.

Kenneth Crawford, substituting for Fulton Lewis, Jr., will devote part of his broadcast time to these questions.

Mr. Crawford told a reporter for The Gettysburg Times, who conferred with him in his office in Washington Tuesday afternoon, that he favored continuation of the Freedom Train's tour and expressed the hope that it would be in Gettysburg next November 19. Mr. Crawford will be heard tonight over WOR of the Mutual network, on a coast-to-coast broadcast.

LOCAL FIREMEN TO PARADE AT M'SHERRYSTOWN

Members of the Gettysburg Fire department were requested today by Fire Chief James A. Aumen to return their cards immediately, signifying whether they will parade with the department Saturday afternoon at McSherrystown.

"We want a large turnout for this parade, which gives indications of being a big affair," Chief Aumen said. "In order to know how many are going and how many to plan for, we would like to have all the firemen return the cards immediately."

The Gettysburg firemen have engaged the Blue and Gray band to lead them in the parade. They will march in uniform, and also take two pieces of apparatus with them.

The parade is scheduled for 5 o'clock.

Gettysburg firemen will meet at the engine house on East Middle street and leave for McSherrystown at 4:15 o'clock.

Invin 65 Companies

The parade will form on South street in McSherrystown and the route will be from South to First street, Main street, over Oxford road to North street, then to Third street, and back to South street, disbanding at the Delone high school.

Invitations were sent out by the McSherrystown committee to 65 fire companies in Adams, York and Franklin counties in Pennsylvania and Carroll and Frederick counties in Maryland, and a large number have accepted the invitation and will parade Saturday, according to John Rudisill, committee member. Prize money totaling \$200 will be distributed to visiting fire companies, he said.

The firemen's auxiliary will serve a hot roast beef supper at the Delone school cafeteria, starting at 3 o'clock Saturday afternoon. A carnival opened Monday night on the lot next to the school. A large number of awards will be made Saturday night, including an automobile.

With the carnival are a large number of firemen's concessions, kid-ride rides, whip, ferris wheel and other attractions.

FOUR TREATED FOR INJURIES

Three persons were treated at the Warner hospital Tuesday evening for injuries sustained when a well pipe they were raising came in contact with a high voltage wire.

George Grosnickle, 25, Keymar, Md., and Marshall Sharer, 24, Rocky Ridge, Md., were knocked unconscious and each received treatment for first and second degree burns to both hands and feet. Kenneth Sharer, 14, Taneytown, fell 10 feet from a tree at the same time and suffered a dislocated right shoulder. All were discharged after being treated.

Ernest Forsythe, 14-year-old son of Mr. and Mrs. Bernard Forsythe, Orrtanna R. 1, was treated Tuesday evening for a laceration of his right knee received when he struck his knee on a rock in a pool.

Those admitted as patients include Mrs. Fred Green, Gettysburg R. 2; Mrs. Carl Taylor, Biglerville, and Mrs. Samuel Green, Gettysburg R. 2. Discharges included Evelyn and Doris Bollinger, Taneytown; Mrs. Harry Yingling, Gettysburg R. 1; Regis Sanders, Emmitsburg; Janet Bobo, York Springs; Mrs. George Warner and infant son, George Kenneth, Jr., Taneytown; William Hagerman, Hanover, and Mervin Topper, East Railroad street.

TO GET MASTER'S DEGREE

Eric D. Duckstad, son of Mrs. S. Kenderly Lynch, Carlisle street, has completed his work for a master's degree in business administration at Stanford university. Duckstad, a graduate of Gettysburg high school in 1935 and Gettysburg college in 1939, was assistant post master science and tactics officer at Stanford the year prior to his graduation.

Grand officers of the PCBL were present to audit the books of the council for the period of January 1 to June 30, 1948.

The next regular council meeting will be held Monday, August 23 at 8 p. m.

Hundreds Inspect New Legion Home

Several hundred Gettysburg and Adams county residents took advantage of the "open house" night to visit the new home of Albert J. Lentz Post No. 202, American Legion, on Baltimore street Tuesday night.

Legion members acted as guides to show the visitors through the building, and received many compliments on the beauty of the decorations and appointments, and the various conveniences and features, including the bowling alleys, game rooms, library and kitchens. The air conditioning in the building was also much appreciated.

Visiting hours were from 7 to 9 o'clock, during which time no beverages were sold in either the cocktail lounge or the stag bar.

GIRL SCOUTS AT CASHTOWN WILL MARK BIRTHDAY

The Cashtown Girl Scouts will hold a hay ride to Benner's pool near Fairfield Thursday evening for a swimming party followed by a wiener roast to celebrate the troop's first birthday anniversary.

Members will leave Cashtown at 6 p. m. and are requested to bring permission slips.

On Thursday, August 5, the troop will hold a Court of Awards service.

Many Activities

During the past two months the members made swimming bags, attended the Day camp at Arendtsville conducted by the Adams County Girl Scout Council, and attended the Red Cross Swimming classes conducted here. Transportation was furnished by a bus which was hired through funds raised at a recent supper.

Also included on the recent summer program for the troop were a scavenger hunt followed by a watermelon party, a Father's Day program arranged by the members, and a hike and cook-out which was the final second class badge project for 14 girls.

Littlestown GOVERNOR PAYS OFF SHORE

The crash occurred about a mile off shore. The wreckage is visible from the shore, the Associated Press said. The RAF and navy patrolled the beach throughout the night and early this morning but found no bodies. The two other planes returned to Aden.

The three B-29's left the air force base at Tucson six days ago on what the air force called a "routine long distance training" flight. It was the first around-the-world attempt for B-29's. Authorities at Aden imposed restrictions on outgoing dispatches concerning the crash.

On \$500 Bond For Larceny By Trick

Christian Shank, McKnightstown, has posted a \$500 bond to appear for court on a charge of larceny by trick, according to a return made by Justice of the Peace Howard G. Blocher, Littlestown, to the county clerk of courts.

The docket asserts that Shank has been charged by Harry C. Worley, Littlestown R. 2, with securing two tons of junk iron, valued at \$300, from Worley, stating that he was given the junk weighed and then would return to repay. Worley says he never returned.

RITES SATURDAY FOR PVT. GROGG

Military funeral services for Pvt. Jesse Marlow (Bud) Grogg, 22, formerly of Hanover, who died in England, September 30, 1944, from injuries received in a practice parachute jump during training in England, will be conducted at the Frederick Bucher funeral home, Hanover, Saturday morning at 10 o'clock. Rev. Dr. John S. Tome, pastor of St. Luke's Lutheran church, will officiate.

Military graveside services will be conducted at Mt. Olivet cemetery in Hanover by members of Hanover Post 2506, Veterans of Foreign Wars.

Pvt. Grogg, who was overseas less than a month before he died, entered military service March 3, 1942, and trained at Camp Swift, Texas; Fort Benning, Ga.; Camp MacCall, N. C., and Camp Picket Va. Before sailing overseas, he was stationed at Fort George G. Meade, Md.

He was a member of St. Matthew's Lutheran church and Hanover Fire company, 1. He was employed at the Riley Welding establishment.

Surviving are his father, Isaac H. Grogg, Sr., New Oxford; his mother, Mrs. Beulah M. Heilman Grogg, Hanover; two brothers, Leroy Grogg, Main street, Spring Grove, and Isaac, Jr., Hanover; three sisters, Mrs. Anna Gallagher, Hanover; Mrs. Martha Crushon, Littlestown, and Mrs. Geraldine Johnson, York, and his maternal grandmother, Mrs. Sarah Heilman, Hanover.

THIRTEEN SLAIN IN KING'S MINE BLAST TUESDAY

Princeton, Ind., July 28 (AP)—Grim inspectors probed the depths of King's coal mine today seeking to learn the cause of an explosion which killed 13 miners yesterday afternoon.

It was the second serious explosion in eight months at King's. The previous blast, last November, caused no deaths but was followed by extensive fires which closed the mine for more than two months.

The mine had been closed again last week because of water seepage. It had been inspected Sunday by state mine inspectors and had been reopened only yesterday.

Two Critically Hurt

Two men were injured critically in yesterday's blast, and a rescue worker also was in a hospital after being overcome by gas. Condition of the rescue worker, George (Red) Cornelius, was not serious. Two other miners were given first aid for slight injuries.

The dead and injured were members of a single loading unit which was on the lowest level of Indiana's deepest shaft mine, 433 feet underground, and three miles east of the tipple.

Coroner C. C. Cooper said all the bodies were badly mutilated and burned. All were brought out within three hours after the explosion.

Workers from other parts of the mine and from nearby shafts moved quickly to the rescue. The U. S. Bureau of Mines office at Vincennes sent a rescue crew. Ambulances from Evansville were sent to help Princeton ambulance crews move the bodies.

The National Guard armory here was converted into a morgue to receive the bodies, which later were taken to funeral homes here and in neighboring towns.

There were 176 men in the mine at the time, but other crews were not endangered. The blast caused only a small fire which was soon put out. King's employs 525 men on three shifts.

PUSH PLANS ON TWO-STATE PIKE

Harrisburg, July 28 (AP)—The state Highways Department is today looking to the 1949 Legislature to provide the money for the Pennsylvania section of the proposed Harrisburg-Baltimore pike.

Chief Engineer E. L. Schmidt said actual construction of the four-lane, divided highway will start next year if the General Assembly sets aside funds for the multi-million dollar project.

Schmidt's statement came on the heels of an announcement by Gov. William Preston Lane, Jr., of Maryland that work will begin within a few weeks on the Maryland section of the pike. Lane and Gov. James H. Duff of Pennsylvania conferred on this other bi-state projects at a Chesapeake bay meeting here Saturday.

At Annapolis, Md., Lane quoted Duff as saying that he would "do everything I can" in "giving you the right kind of access to your state."

Under joint state plans, the present highway, known as the York road, will be replaced with a limited access expressway, cutting intersections at grade to a minimum.

Lane said first work will start at Timonium, Md., and proceed northward to the Pennsylvania state line. Plans for the southern section—from Timonium to Baltimore—is being held up pending settlement of the exact route the road will take in entering Baltimore.

Engineering surveys already are underway on the Pennsylvania section to replace the present winding, hilly road running from Harrisburg, through York to the Maryland state line.

STEEL PRICE UP 63.2 PCT.

New York, July 28 (AP)—Recent steel price increases have brought the average price 16.2 per cent above a month ago, 32 per cent above a year ago and 63.2 per cent above 1939, the Iron Age, national metalworking weekly, said today. Price advances were not uniform, and coupled with the recent shift from multiple basing point F.O.B. mill pricing systems, will cause wide variety in various areas, the publication said.

CAR AND TRUCK CRASH

A truck operated by John Reinicker, Gettysburg R. 4, collided with an automobile driven by Mrs. Paul Cole, 120 Hanover street, on Carlisle street near Center square this morning. No one was injured. Both truck and car were damaged.

PASTOR SLAYS THIEF

Philadelphia, July 28 (AP)—While 25 parishioners were meeting in an adjoining auditorium, the pastor of a North Philadelphia church last night shot and killed a man he had surprised stealing \$50 from a desk in his study, police reported. Police identified the victim as Robert Winters, 25, and said he was killed instantly by five bullets as he tried to flee from the New Light Tabernacle Baptist church.

WOMAN BEATEN

Philadelphia, July 28 (AP)—A woman about 30 years old was found on a parking lot today so brutally beaten about the face and head that her features could not be distinguished. A police patrol car crew took her to Hahnemann hospital where she underwent an emergency operation in an attempt to relieve a skull fracture. Attendants said she had a 50-50 chance of recovering.

POOL FOR STADIUM

Midvale, Utah, July 28 (AP)—The city of Midvale needed a swimming pool and a stadium. Today the pool had the pool on the site of the stadium. As crews were moving the last loads of earth out of the stadium ground, now under construction, they uncovered a spring. The stadium is now flooded.

HELD ROTARY RECORD

Easton, Pa., July 28 (AP)—Newton R. Haas, grocer for 60 years who liked to point to a record of having attended 1,045 consecutive meetings of the Eastern Rotary club, died yesterday. He was 80. Haas was a former member of the Eastern Common council and school board.

TRUMAN'S BILLS WILL BE STUDIED

Washington, July 28 (AP)—Senate Republicans decided today to have committees study President Truman's requests for housing and anti-inflation legislation and to make an effort to outlaw the poll tax.

Chairman Millikin (R-Colo.) of the Republican conference announced the decision after an almost three-hour closed session of the Republican Senators.

"It was decided to take up the anti-poll tax bill, and that we will press the matter to decision," Millikin told reporters. "We will make every effort to pass the bill."

Southern Democrats have promised to filibuster against it—a move that possibly would block indefinitely other action by the Senate.

Millikin said the Republicans also agreed that the appropriate committee will consider the specific points in Mr. Truman's message to Congress yesterday.

They agreed to act, he said, on anything "of an emergency character and of national importance." One other qualification, Millikin added, is that legislation considered must be capable of being "properly processed within the time permitted to an emergency session."

MacArthur Stand Irks Labor Heads

Tokyo, July 28 (AP)—James S. Killen, head of the Allied Labor Section, threatened to resign today because of General MacArthur's statement that Japan's 2,000,000 government workers should not be allowed to strike for higher wages.

"I propose to resign," Killen said in a statement, "because I can not adjust myself to the new occupation labor policy which denies the government workers the right to collective bargaining."

The government workers' union has not acted on the MacArthur letter which quoted the late President Franklin D. Roosevelt as saying a strike by government employees was "unthinkable and intolerable."

MacArthur said in his letter: "I am in full accord with this view."

The MacArthur letter, released last week, has been a heated subject in organized labor circles. As a result of the letter and Killen's statement, there is a possibility that Japanese Labor Minister Kanju Kato may resign.

Presbyterians Had Membership Gain

Philadelphia, July 28 (AP)—The Presbyterian Church in the U. S. A. today announced a membership gain of 38,446 during the last nine months of 1947.

The church said its total membership is 2,274,294, "largest in the history of organized Presbyterianism in America."

Total contributions during the nine months amounted to \$64,872,688, which the church said represented an increase in the proportion of giving over the preceding year.

The statistics were compiled on a nine-month basis because of the change in the church fiscal year. Previously, the fiscal year was from April 1 to March 31. It will now be from January 1 to December 31.

Oats Crop Is Hard Hit By Rust, Rain

Harrisburg, July 28 (AP)—Between insects and fungus, the wheat crop in southeastern Pennsylvania is taking a beating.

The State Agriculture department said a short crop, most of which has been threshed, is being attributed by farmers to damage by leaf and stem rust and the Hessian fly.

Rust damage has also hit the oats crop, a Federal-state survey indicated. Northern counties may suffer a total loss because of it. In the same areas, heavy rains have beaten down whole fields of this grain.

On the bright side of the picture, heavy showers were "especially beneficial" to potatoes in the southeast, the department said. Considerable disease, however, was found in some potato fields.

DIES AFTER CRASH

Philadelphia, July 28 (AP)—A 60-year-old woman was pronounced dead on arrival at Fitzgerald Mercy hospital after an emergency trip by auto to the hospital was delayed by a collision with another car. The woman, Mrs. Elizabeth Schultz, was visiting her nephew, John E. Kenney, in suburban Lansdowne yesterday when she became ill.

POTTER HURLS 2ND WIN FOR BOSTON BRAVES

By JOE REICHLER

(Associated Press Sports Writer)

Billy Southworth, Boston Braves' manager, continues to have amazing success with castoffs.

Southworth's latest "find" is Nelson Potter, the veteran righthander he picked up a month ago as a free agent after the latter was fired by Connie Mack of the Philadelphia Athletics.

Potter who won his first start against Pittsburgh, got his second last night and again came through with a well-pitched game. This time the American league discord permitted the Pirates only six hits in defeating them 5-1 in Boston. He did not allow a run after Ralph Kiner tagged him for his 28th home run in the first inning.

The victory in the opener of a 20-game home stand enabled the Braves to widen their first place margin over the rest of the field to five and a half games.

Sax Cop 13th

Boston's other major league entry, Joe McCarthy's rampaging Red Sox, extended their winning streak to 13 straight games by blanking the Tigers in Detroit 8-0. Ellis Kinder turned in his best performance since his purchase from the St. Louis Browns, holding the Tigers to three hits. Haj Newhouse, Detroit's ace southpaw, was the victim.

Boston's triumph together with the Indians' 10-5 victory over the Athletics in Cleveland, gave the Red Sox a full-game lead in the tight American League pennant race. Although the Indians trail by a game and a half to Philadelphia's one, they took over second place from the A's through mathematical oddity. The A's, with four more victories and three more defeats than Cleveland, are two percentage points behind the Tribe.

The Brooklyn Dodgers replaced the St. Louis Cardinals in the runner-up spot in the National league by coming from behind with two runs in the ninth to nip the Redbirds 3-2 in Brooklyn in the only game played in daylight.

Larry Jansen turned in his second straight shutout and 13th victory of the season as he pitched the New York Giants to a 3-0 triumph over the Cincinnati Reds.

Giants Advance

The victory moved the Giants into the first division, a half game ahead of the Pirates, and one game behind the Cardinals.

A crowd of 54,609 Detroit fans saw the Red Sox snap Newhouse's five-game winning streak by knocking him out with five runs in three innings. Johnny Pesky and Bobby Doerr did the heavy stickwork. Kinder had a no-hitter until Johnny Lipton doubled with one out in the sixth. The turnout topped Detroit's home attendance over the million mark to 1,000,166.

Although he was tagged for a grand slam homer by Sam Chapman and wasn't around at the finish, Bob Feller was credited with his 10th victory of the season as Cleveland got off on the right foot in its home stand. Chapman's homer knotted the count at 5-5 in the fifth, but the Tribe came back with four in the sixth off Phil Marchildon, third A's pitcher.

Yankees Blanked

Rookie Hank Arft, making his major league debut with the St. Louis Browns, drove in three runs with a triple and home run to lead the Browns to a 4-0 triumph over the New York Yankees. Cliff Fannin held the Yankees to three hits in gaining his seventh victory. Arft had arrived yesterday from Toledo to take over the regular first base duties.

Pat Seerey walloped his 14th home run with Luke Appling on base and two out in the last of the ninth to give the Chicago White Sox a 2-1 triumph over the Washington Senators.

Bob Scheffing's pinch single scored Clarence Maddern with the run in the 11th inning that gave the Chicago Cubs a 3-2 victory over Dutch Leonard and the Phils in Philadelphia. The hit spoiled Eddie Sawyer's debut as Philly manager.

Benefit Softball Contest Friday

Arrangements have been completed for a benefit game between the Community League All Stars and an all-star team of Gettysburg college players to be staged on the high school field Friday evening at 6:30 o'clock.

Last week the Community loop aggregation trimmed an all-star outfit from Littlestown 18-3. The collegians, who have been playing this summer in their own circuit, promise to furnish much stiffer opposition.

The Community lineup will be composed of the same aggregation who opposed Littlestown last week and will be managed by Ralph Johnson, Johnny Knox and Frank Moll.

Funds received will be turned over to league players who have been injured.

A no-hit no-run game hurled by Luther Pittenturf, York Springs, as his team defeated Bendersville 3-0 at York Springs Tuesday evening featured the playoffs of two postponed Adams County league tilts.

Orrtanna downed Littlestown 5-2 in the other game.

Pittenturf fanned six batsmen and walked but one man and received excellent support from his teammates. His no-hitter was the first in the county loop this season.

York Springs pushed over all of its runs in the last of the fifth inning at the expense of Merle Baumgardner who also turned in a fine pitching performance until that frame when he was relieved by Ogden.

MAROONS OPEN GRID SEASON SEPTEMBER 10

Football schedules for three Gettysburg teams, the high school, high school junior varsity, and Gettysburg junior high varsity, were announced today.

School George Forney's high school varsity will play nine games, five on the home field and four on foreign soil.

The season will open on Friday, September 10, when Delone Catholic

high will be met at McSherrystown.

The initial home game will be

played with Westminster, a new-

comer on the schedule, on Sep-

tember 17.

Carlisle will come here for the first South Penn league game on September 24 and on the following Friday Hanover will be met at Hanover. Waynesboro, Shippensburg and Chambersburg will come here in that order and the Maroons will conclude their campaign with games at Hershey and Mechanicsburg.

The September 10 opening and November 5 closing gives the locals one of their "earliest" seasons in history.

Other Schedules

Six contests have been carded for the junior varsity. The schedule follows: October 7, Carlisle, home; 13, Hanover, home; 21, Waynesboro, away; 28, Carlisle, home; November 6, Mercersburg, away; and 11, Chambersburg, away.

The junior high school schedule at present includes five games with an open date on October 8. Games listed include: October 15, Mechanicville, away; 22, Waynesboro, away; November 5, Hanover, home, and 12, Shippensburg, away.

The Sox took Scranton 6-4, to boost their lead to a game and a half over the second-place Miners. It was their first start under the guidance of Pat Colgan, one time Scranton catcher who went to Utica when the Phillies transferred several managers in their farm system.

Lefty Ed March pitched and bat-

ted the Williamsport Tigers to a 3-2

victory over the Hartford Chiefs in 11 innings. With two Tigers out,

March singled home the winning run.

Two runs in the first inning gave the Elmira Pioneers a 2-0 win over the Albany Senators in the first half of a double bill. But the Senators came back for an easy 8-2 nightcap victory.

The Wilkes-Barre Barons mean-

while edged the Binghamton Trip-

lets, 5-4, in 10 innings.

Kansas City, 8; St. Paul, 4.

Other games postponed.

THE TONGUE
 Reams have been written about almost every organ of the body. Especially do the health experts and doctors tell us just how to take care of the heart, foaming away at our eating habits, and forever warning us about this and that. But how few — if any — are those who have taken up with a discussion of the Tongue, its great uses and possibilities.

For a moment imagine how you would feel with my tongue. How would you talk or eat? You would have to resort to all sorts of schemes to make yourself understood. Isn't it about time that we got the habit of thanking God for this wonderful organ of the tongue?

What a servant and friend — the tongue! Think of the kind words it can fashion, the songs it can enunciate, and its power of expression when its owner is a Patrick Henry or a Winston Churchill. On the other hand, when this tongue is in the head of a Hitler, how its hate and bitterness can foul the air! "Kind words are more than coronets."

One of the masterful achievements in this life is to learn just when to hold the tongue, and when to let it do its best. What a waste of words this tongue can create, yet how it can change an entire day from gloom to glory. It can even part clouds and let the sunshine in.

You can quite accurately judge a person's age by the use of his tongue. The older people get the more they are apt to use their tongues for complaining. The young tongue is touched with hope and optimism. It doesn't matter what kind of face you may have been endowed with, so long as the tongue works kindly and happily behind it.

A trained tongue stays still at the right time. The tongue can give a lashing that has more terror in it than any lash of the whip. And what scars it often leaves! Some of them never heal. The silent tongue is always to be envied.

When people begin to make conversation about their ailments you know they are getting old. Yet there are old people whose tongues are so acclimated to beauty and good deeds that you may look upon them as young at eighty!

Tomorrow Mr. Adams will talk on the subject: "The Fun of Solving."

LATE TRIBUTE

This, when life has closed, is told:
"She was loving! He was kind."
All the faults of young and old
Banished from the mind.

"She was gracious! He was true!"
None by malice stirred
Some small grievance to renew
With a bitter word.

"She was gentle! He was good!"
Why so long to wait?
Why not say it when we should;
Not one day too late?

C. Tyson, of Flora Dale, is president of the Women's County Auxiliary, and efforts are being made to stimulate interest among the presidents of the various local auxiliaries.

County Picnic Is Voted Unqualified Success: Even the most sanguine expectations of the committee working for the success of the Farmers' Picnic were exceeded Wednesday evening when over 1,200 persons gathered on the farm of M. E. Kneuse, Brysonia.

Committees of the Gettysburg, Biglerville and New Oxford chambers of commerce, assisted by the Adams County Farm Bureau, had prepared to care for 600 persons. Additional food was sent for and no one left the grounds hungry.

On a temporary rostrum erected by Mr. Kneuse were C. H. Hunt, Chambersburg; Dr. H. H. Havener, State College; Levi P. Moore, of the Chester White Journal; E. M. Christen, State College; C. W. Cook, Gettysburg, and U. S. Klinefelter, Biglerville.

Scouts Return From Camp: Boy Scouts of Troop 1, Arendtsville, who have been in camp in Seven Mountains, near Lewistown, folded their tents Friday morning and returned to their homes after ten days in the outdoors.

Scoutmaster Roy Diem and his assistant, S. W. Frost, were in charge of the group of boys.

Robert Hoffman, of Arendtsville, accompanied the troop, which included scouts Bruce Wolff, Arnold Orner, Harold Trostle, Daniel Wolff, John Raffensperger, Joseph Snyder, Mahlon Raffensperger, Marshall Longanecker, Roy Hoffman, Donald Boyer, Arthur Siaybaugh and Donald Myers.

John D. Keith Will Head Drive: With the opening in the court house of headquarters for the drive for \$40,000 for the erection of nurses' home and betterments at the Annie M. Warner County Hospital, an announcement was made that John D. Keith, Esq., Lincoln avenue, has accepted the general chairmanship of the campaign committee. Mrs. W.

lowing mixture is suggested by extension agronomists of the College as a suitable one for average conditions, although it may be varied to suit special circumstances: For one acre, 6 lbs. Kentucky bluegrass, 6 lbs. perennial ryegrass, 2 lbs. redtop, 2 lbs. Ladino clover. 1 pound white clover. On dry slopes, 4 lbs. of Canada bluegrass may well be added. For turkey range substitute 6 lbs each of alfalfa and orchard grass

for the bluegrass and white clover to give greater productivity and wearing qualities.

"Poultry ranges needed for use next spring may be sown in August. In this part of the state, seeding on fertile soil may be made up to Sept. 1. Disking generally is preferable to plowing in preparing the soil, since a firm seedbed well stored with moisture is essential. When the seed is sown it may be covered with

a cultipacker or very light harrowing. A liberal application of fertilizer, such as 400 lbs. of 3-12-6 or 4-12-4, before seeding will help to give it a good start."

Detailed information on range

seeding and renovation may be obtained in the College Extension Leaflet No. 79, "Poultry Pastures," available from the Agricultural Extension office in the Court House at Gettysburg.

GIVES TIPS ON
POULTRY RANGE

Poultry extension specialists of the Pennsylvania State College say

that an acre of good range will carry 500 to 600 pullets up to 22 weeks of age, County Agent M. T. Hartman reported today.

When pullets are allowed to lay on range for some time before housing probably not more than 350 should be pastured on an acre. From 100 to 200 turkey poult can be carried in a like area until pasture conditions indicate a larger area to be more desirable.

"Ladino, a giant form of the little white clover, is the basis and backbone of most productive and palatable poultry ranges. It does best on fairly fertile soils which are not particularly dry. Lime will be needed if the soil is sour. Some grasses also are desirable. The following machines busy

With the many huge trees in the central part of the town gone, the borough looks bare as the Texas plains and only the lack of hitching racks prevents the community from reverting completely to a 19th century caricature of itself.

Scrapers, bulldozers and mechanical shovels are busily engaged in the job of tearing out and leveling off in anticipation of relaying the street pavement. And residents of the borough seem to be enjoying the novelty of the situation.

Housewives report that the dust which hangs over the main street like a pall, shifting gently with the breezes, has both lessened and increased their work about their homes. Those who have reached the conclusion that "since it is impossible to keep things clean one might as well not bother" are finding things easier. Those who are engaged in a constant battle against the dust are finding it a never-ending fight to prevent a thick coating of dust from gathering on all exposed surfaces.

To Finish In September

The contractor said today he hopes to have the street re-laid by September. Two-foot concrete tiles are to be placed in various sections to give proper drainage before the fill and surface can be placed, and in most sections of the town, the shovels will have to dig deeper before a flat can be placed.

In addition, after the street is placed, contractors will have a field day in putting down new concrete sidewalks. Nearly all sidewalks along the main street will need repair. While some will have only parts of curbs to replace, many are going to have to put in entirely new sidewalks.

Biglerville residents, figuring how beautiful the town is going to look when it is completed are storing their memories of its condition now in anticipation of the time when they can tell visitors: "It is very nice

now, but you should be here when . . ."

Interesting News Of Upper Adams Countians And Their Enterprises

South Mountain Fair Will Open On September 8 With Fruit Growers' Day Events

Wednesday, September 8, the opening day of the South Mountain Fair, will be Fruit Growers Day, Arnold E. Orner, president of the association, announced today.

Thursday, September 9, has been set aside as School Day and Future Farmers of America Day, with all children of Adams county schools to be admitted free to the grounds up to 4 o'clock in the afternoon on that day. Judging of contests is to be held from 10 o'clock in the morning to 12 noon on Thursday.

Friday, September 10, will be 4-H Day, with the Adams county senior extension club to present a pageant at 2 o'clock in the afternoon. Musical selections, a minstrel show and square dancing are also scheduled for Friday.

Horse Show Saturday

Saturday, September 11, last day of the fair, which resumes this year after a lapse of six years, a horse show will be held at 2 p.m. with gaited saddle horses and ponies.

For the Fruit Growers' Day on Wednesday a special exhibit of equipment and supplies will be

shown and educational talks and a demonstration of fruit growing are also scheduled.

All exhibits must be entered by 10 p.m., Tuesday, September 7, with the exception of the horse show entries, President Orner said. Fruit from storage may be entered before 9 a.m. on Wednesday, September 8.

All exhibits must remain at the Fair grounds until 9 p.m. Saturday and hay and straw will be furnished by the association for the livestock exhibits, while grain is to be furnished by the owner. The livestock is to be fed and cared for by the exhibitor. All dairy cattle must be accredited for TB and Bang's disease and all hogs must be double treated for cholera 30 days prior to the affair.

No poultry exhibits will be held this year because of New Castle disease, President Orner announced.

President Orner urged all Adams countians to support the fair by attendance, by placing exhibits and by urging friends from neighboring counties to attend.

"The policy of the present organi-

zation is the same as that of the past; to have the best fair possible at the least expense and without the usual midways and carnivals that generally detract from the educational value of a fair. Everybody in the organization works for nothing. Good clean acts have been secured to furnish amusement. Local organizations will have charge of eating concessions. A new feature of the fair will be a horse show to be held Saturday afternoon at which time the riding horses and ponies will be judged.

"The fruit growers who have been holding a field day during the summer are combining their efforts with the Fair and are now planning to hold their field day the first day of the fair. Another new feature is an industrial exhibit of all products manufactured in Adams county. Space for such exhibits is free to the manufacturer. Every effort is being made to encourage the young folks to take part in the fair through 4-H, FFA, schools and Boy and Girl Scouts.

On Premium List

Among the various classifications in which premiums will be awarded are: light comb honey, dark comb honey, light extracted honey in bottles, bees wax; dairy cattle, Guernsey, Holstein, Ayrshire, bull, 18 months or over; bull six months and under 18 months; bull under six months; cow five years and over, cow over three years and under five years; heifer, in milk over two and under three years; heifer, under six months, grand champion,

male and female each breed; senior champion, male and female each breed; junior champion, male and female each breed; beef cattle, Hereford, Angus and Shorthorn, classes same as for dairy.

In the culinary department prizes will be awarded for canned fruits, display of fruits in quart jars, canned vegetables, display of vegetables, jellies, preserves, dried fruits and vegetables, canned meats, yeast bread and rolls, cakes, cookies, pies, pickles, soaps. In addition there is to be a juvenile department in which juvenile chefs will vie for prizes based on cooking and canning skill. The juvenile department will be divided with those 12 to 14 years of age competing in one classification and those 14 to 17 in another.

PEACE EFFECTS OF UNBLOCKED BY RED PLANS

By DEWITT MACKENZIE
(AP Foreign Affairs Analyst)

The working committee of the United Nations Commission for Conventional Armaments (those apart from atomic weapons) finally has decided that armaments can't be reduced and controlled until the big powers agree on a U.N. police force, atomic energy is leased and peace treaties made with Germany and Japan.

In short this momentous question, which is the crux of the effort to enforce world peace, is being temporarily shelved.

Presumably this problem of enforcing peace will come up in the U.N. again—and then again and again. But it never can be solved until the issue of world revolution for the spread of Communism has been dealt with. A British viewpoint of the fundamental difference between Russia and the West is summed up by the weekly publication "Time and Tide," and I quote it because it represents the consensus of many objective observers:

Only One Issue

"The issue is whether Russia means to carry on with or abandon her plans for the destruction of the Democracies. If she will abandon them, there is no issue between Russia and the West which cannot be peacefully solved. The argument as to whether Russia wants war is beside the point."

"In all probability she does not want it now. From Russia's point of view a 'shooting war' is not to be undertaken until the process of internal erosion in the Democracies has reached the point where only the very slightest push from without would be necessary to topple over the whole structure."

That's the story. The battle of Berlin, and the innumerable other cold hostilities all hinge on Bolshevism's efforts to Communize the world. We shall get an easement of the German imbroglio, and the hundred and one other difficulties encircling the globe, if and when the Russians decide that they have carried their aggression about as far as they can for the present.

True, Not Peace

Such an easement wouldn't mean an end of the cold war but merely an armed truce. So long as a powerful Red dictatorship remains in control of Russia, just so long will the Communist world revolution continue. And the Red dictatorship will remain until the people under it decide that they have had enough and take matters into their own hands.

The trend of the German situation is likely to give us a fair gauge of Russia's intentions. She is bent on securing domination of Germany, and scarcely can be other than greatly disturbed by the way in which the three Western Democracies have gone ahead with the organization of an independent government in their zones. It wouldn't be surprising to see the Muscovites make a gesture of playing ball with the Allies in order to secure concessions and gain time to inaugurate counter action.

However, let us not fool ourselves into thinking that we can have peace while Communism is reaching for power in all countries—not least in America.

CITES GREAT TAX "UNFAIRNESS"

Harrisburg, July 28 (AP) — Gov. James H. Duff pointed an accusing finger today at school districts which are getting more than their rightful share of state aid.

The 15th annual Byers reunion will be held Sunday, August 22, in Big Pipe Creek park, near Taneytown. Chester S. Byers, West King street, is the president and Maurice Wareham, Park avenue, is the secretary of the reunion.

Mrs. John R. Byers, East King and her son, J. Clarence Byers and daughters, Mrs. John Anderson and Mrs. Maurice Wareham attended the funeral services of Herbert A. Pickett, Winfield, Md., on Tuesday morning.

The employees and friends of the Strouse-Baer Sewing company, Lititztown, located in the Matthias building, South Queen street, and in the Hollinger building on Lumber street went to Atlantic City early Saturday morning on three chartered buses and returned home early Sunday morning. There was no definite program upon arriving in Atlantic City, each person or group of persons selected their own entertainment for the day. Those making the trip included: Betty Rebert, Betty Eyer, Doris Hawk, Bernice Plunkett, Martha Lippy, Joan Clapsaddle, Myrtle Brumgard, Louise Dutterer, Esta Bemiller, Bertie Rose, Mildred Harner, Helen Myers, Jean Matthias, Eleanor Spangler, Margaret Smith, Lydia Sentz, Mildred Appier, Jane Clapsaddle, Jane Olinger, Edna Olinger, Mr. and Mrs. John Koontz, Gene Hankey, Mary Wintrode, Mrs. Bernard Dillman, Mrs. Ruth Senta, Mrs. Ottie Weaver, Mrs. Grace Rose, Mrs. Anna Sell, Mrs. William Renner, Mrs. Ruth Spangler, Mrs. Regina Harner, Mrs. Walter DeGroff, Mrs. Carrie Stultz, Mrs. Anna Stambaugh, Mrs. Evelyn Hankey, Mrs. William Keifer, Mrs. Lloyd Spangler, Mrs. Kathryn Riffle, Mrs. Edna Sanders, Mrs. Catherine Wherley, Mrs. Cora Boose, Mrs. Ernest Ohler, Mrs. John Stambaugh, Mrs. Janet Spangler, Mrs. Emma Clapsaddle, Mrs. Amanda Staley, Mrs. Helen

taxing purposes.

He said state aid for education in the form of subsidies runs \$173,000,000 in the current two years. Noting it will reach at least \$193,000,000 in the two years starting July 1, 1949, he commented:

"It is imperative that this money should be distributed on the basis of fairness and equality and not on a basis of irregular or misleading information respecting assessments."

Duff disapprovingly pointed to a survey in one unidentified county which showed that real estate there has been assessed at an average of about 21 per cent of actual value.

"When property is assessed at only one-fifth of its value, it is clear that the subsidies paid to the school districts of that county on the basis of such gross inequalities make a very great unfairness to districts in other counties where property is assessed at relatively its full market value," the governor said.

EXPLAINS RISE IN STEEL PRICE

New York, July 28 (AP)—The nation "must expect higher prices in steel, as in every other business, if costs continue to go up," says Irving S. Olds, chairman of the United States Steel Corp.

Olds told reporters at a news conference yesterday that in order to maintain "healthy" conditions in the steel industry "prices must permit a fair return to the owners of a business in order to get money invested in that business."

Olds said in the case of U. S. Steel a return of six per cent on sales is low in the light of present operations and the high demand for steel. Steel made 5.9 per cent return on sales in the first six months of

this year, compared with 6.8 a year ago.

Olds reported net profit for the second quarter of 1948 as amounting to \$32,585,677, equal to \$3.02 a common share, compared with \$29,336.868, or \$2.65 a share, in the same quarter of last year and \$33,957,341, or \$3.18 a share, in the first quarter of this year.

A dividend of \$1.25 a common share—the same amount declared in three preceding quarters—was declared by the company's directors. The dividend is payable September 10 to stockholders of record on August 6.

Olds declined to predict what effect the 11.25 per cent price increase declared last week would have on second half earnings.

NO EMERGENCY CERTIFICATES

Harrisburg, July 28 (AP)—All of Pennsylvania's qualified teachers must be hired first before the state will issue emergency teaching certificates for the coming school year.

That's the new policy set up by the Department of Public Instruction in the face of a year by year increase of the war in the issuance of such certificates.

The war-born emergency certificates permit persons to hold school teaching jobs with less than the formal qualifications required for the particular post. They are issued by the state on the request of local school superintendents.

Dr. Henry C. Klonower, state director of teacher education and certification, said 5,000 were issued in the 1947-48 school year, adding: "Some 3,000 emergency certificates probably will be needed immediately after the opening of schools in September to take care of vacancies."

Right now, the department is bending its efforts toward finding places for every teacher graduate

GATHER DATA ON ASSESSMENTS

Harrisburg, July 28 (AP)—The state Tax Equalization board has set a late fall deadline for determining the actual market value of real estate in every one of the state's 2,549 school districts.

Chairman John N. O'Neill announced today as soon as the market values are established "and the percentage of such value of the assessed valuations for county tax purposes has been established," it will be certified to local school authorities.

O'Neill told a reporter that although the law gives the board until July 1, 1949, to complete its in-

Civil Air Patrol To Give Show At York

One of Pennsylvania's major air shows will be held Sunday, August 1, at the York airport at 1:30 p.m.

This annual affair, staged by the York Squadron 32, of the Civil Air Patrol, is to raise a fund for the training of CAP Cadets and to maintain the Squadron at a maximum strength for service in a public emergency of any nature. The York Squadron is one of more than 30

itself job, "we want to do it long before that. We want to have the information before the 1949 legislature meets at the latest." This will enable the lawmakers to decide on appropriations for grants and the method of distribution for the next biennium.

Coincidentally, he announced the board now has 13 full-time field representatives collecting market value data in every section of the state and analyzing reports on property sales and assessments.

O'Neill emphasized the board "has no authority to control or direct any change in the real estate valuations established by local assessing officials." They will continue to be used for local tax purposes.

The board's job is to find out what real estate is actually worth so the information can be used in equalizing state education subsidies—expected to amount to \$193,000,000 in the two years starting May 31, 1949—on the basis of need.

SHAW AIMS AT FULL CENTURY

Ayot St. Lawrence, England, July 28 (AP)—George Bernard Shaw turned 92 Monday, determined to round out a full century of life. The bits of his wit and wisdom are as potent as ever.

The bearded sage's scorn of birthdays—especially his own—has for years imposed a ban upon his household when this important day

Pennsylvania units, serving the public on a volunteer basis.

The three and a half hour show will feature eight aerial acts and demonstrations, including nationally known stunt flyers, parachute jumps and participation of Army and Navy units.

Featured will be "Woody" Edmondson, famed Lynchburg, Va., racing and stunt pilot, who will perform in his clipped wing Monocoupe "Little Butch." Edmondson has appeared in over 25 major air shows throughout the country in the last year.

comes around, and consequently observation of the anniversary is a subdued affair—insofar as Shaw can manage it.

He has a word for such celebrations—"rubbish." When he wants to save a syllable he explodes: "bah."

Still, telegrams and telephone calls pour in. There are personal visits,

gifts to be acknowledged, persons seeking interviews. Mostly GBS passes the buck on these things to his stern secretary and the adroit Dr. F. E. Loewenstein, Shaw's Official Biographer and Remembrancer." Able interceptors also are the

Winstens—Stephen and Clare, writer and sculptor—who live next door and are among Shaw's oldest and closest friends.

Shaw's general health is said to be better than it was a year ago.

He has fully recovered from a recent chill caught while strolling in the rain.

Shaw gives the credit for his good health to his vegetarian diet, the fact he is a teetotaler and to his extremely careful rules for living.
